Eastleigh Borough Council Preservation Order and Conservation Area Application Assessment Form

Site Visit Date: 28/05/2013

Address: 30 Sunnyfield Rise

Town: Bursledon

Postal Code: SO31 8FA

Application Category: Tree Preservation Order Application

Application Number: T/13/72536

Work Request/Notification:

Reduce the overhanging branches from 1 no. oak

Reason For Application:

Debris falling from the tree and shade to the underlying area.

Comments:

Large individual tree is part of a row providing sgnificant amenity and ecological value to the area.
The tree is situated in the neighbouring garden tot eh the rear and access to the stem base was restricted.
Although the underside of the lower limbs have been damaged (possisble fire damage) and there are some minor crossing branches within the canopy these are not significant and the tree on the whole is in reasonable condition.

Decision: Part Consent/Part Refuse

Decision Comment

Refuse consent for the reduction of the overhanging branches on the grounds that the proposed works will reduce the overall asthetics of the group as a whole and damage an otherwise healthy tree which is a major part of the local landscaspe.
Consent to crown liftin to 5m with no branches over 50mm in diameter to be removed.
Dead wood can be removed without the consent of the council which would reduce the amount of debris falling into the garden.

Conditions:

None

Notes to applicant:
