PLANNING OBLIGATION/CONSIDERATIONS

Planning Obligations are not applicable to the scale or form of development proposed.

ASSESSMENT OF PROPOSAL

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

ASSESSMENT OF PROPOSAL

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

MATERIAL CONSIDERATIONS

Saved Policy 59.BE of the Local Plan and emerging Policy DM1 of the Amended Draft Eastleigh Borough Local Plan both require development to take full and proper account of the context of the site including the character and appearance of the locality and be appropriate in mass, scale, materials, layout, design and siting. It also requires a high standard of landscape design, have a satisfactory means of access and layout for vehicles, cyclist and pedestrians, make provision for refuse and cycle storage and avoid unduly impacting on neighbouring uses through overlooking, loss of light, loss of outlook, noise and fumes.

Principle: The application site lies within the urban edge and within an established residential area where the principle of development is acceptable, with any formal approval being dependant on the details and impacts of the proposal being considered acceptable, as set out below.

Layout/Design: The size and design of the proposed conservatory is considered to be sympathetic to the existing property and the character of the locality.

Residential Amenity: There would not be an unacceptable impact to neighbouring properties by way of a loss of light, outlook, overbearing impact or overlooking due to the single storey nature of the proposal, its expanse of glazing, the siting of the existing property and the appropriate size and design of the proposal.

Street Scene/Character Area: The proposed development is isolated to the rear of the property where it will not be visible from the street. The proposal is therefore not considered to have a detrimental impact on the street scene or the wider character of the area.

Other Matters: The site is considered to retain a good sized garden therefore the proposals are not considered to result in the overdevelopment of the plot.

OTHER MATERIAL CONSIDERATIONS

Also of relevance is the Revised Draft Eastleigh Borough Local Plan 2011-2029. While not yet adopted it does carry weight by virtue of being intended as the current local plan's replacement. With regards to this application, the new policies essentially echo those of the current plan and are not considered to affect the recommendation put forward.

CONCLUSION

In view of the above this application is considered to comply with the requirements of saved Policy 59.BE and emerging Policy DM1 and is therefore recommended for approval subject to conditions.
