House: | Suffix:

House name: Eden Grove

Street address: Long Lane, Bursledon

Town/City: Southampton

County:

Postcode: SO31 8BZ

If the location is unclear or there is not a full postal address, either describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road') or provide an Ordnance Survey grid reference:

Description:

Woodland to the West & North West of the house on the land plot of Eden Grove.

4. Trees Ownership

The applicant is the owner of the trees

5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO? ○ Yes ◉ No

Are you wishing to carry out works to tree(s) in a conservation area? ◉ Yes ○ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).
Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

2 in no. Silver Birch -B1&B2 in site sketch. Application to fell. These 35ft trees are within 6ft of each other and are close to the border and uphill overlooking a neighbour's property. They appear healthy but the neighbour has expressed concern of the damage they might cause to their property should they fall and has requested they be removed. There are many other silver birches in the woodland.
3 in no. Cypress trees - C1,C2,C3 in site sketch. Application to top to reduce height by 50%. These dense trees are about 40ft and now of a height that has caused a neighbour to request they be reduced so as to improve the light to his property which is to the North of the trees. The shape of the trees is such that a reduction in height to 50% would not be too detrimental to their general appearance.
1 in no. Cypress (prob Thuja) tree - C4 in site sketch. Application to fell. This dense multi-stem tree is about 25ft and has grown such that it excludes light from a part of a closely adjacent neighbour's property. He has asked that it be reduced or removed but reduction will produce a most unsightly result.
1 in no. Goat Willow - GW1 in site sketch. Application to fell. Self sown and now about 15ft in congested part of woodland.

8. Trees - Additional Information

For all trees
A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).
It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO
Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:
   If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert. ○ Yes ◉ No

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ○ Yes ◉ No
   If YES, you are required to provide for:

   Subsidence
   A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

   Other structural damage (e.g. drains, walls and hard surfaces)
   Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)
Are you providing additional information in support of your application? ◉ Yes ○ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application:

1. Site plan attached.
2. The condition of these trees is not an issue. They are healthy but all are of concern to my neighbours (except D1).
3. I am a Tree Warden for Bursledon Parish as registered by EBC.

9. Authority Employee/Member

With respect to the Authority, I am:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

Do any of these statements apply to you? ○ Yes ◉ No

10. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒ Date: 19/02/2014
