Are you wishing to carry out works to tree(s) in a conservation area? ( ) Yes (•) No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

TP0510-e

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).
Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

The tree protection order is number TP0510-e, I have 2 trees at the back of my garden. One tree appears to be rotten - visual signs of this are hollowed cavities exposing rotten wood. This tree is also leaning significantly towards the house - there is a danger this will fall into the house causing significant damage and risk to us if we are in the house. Further evidence is the amount of branches falling from this tree, these are rotten and again there is risk to ourselves and our dogs of being hit by these. This tree needs to be felled as it is dangerous. Photos will be sent showing the extent of the rottenness of this tree. The second tree prevents us using our garden as it cuts out the light and casts shade over all our garden, the canopy needs to be reduced by 40%. So I can use the third of my garden where nothing will grow due to lack of light, we can get home from work and enjoy sitting in our garden rather than be in the shade covered in midges. I have phoned the council and was advised due to the high danger caused by the tree - this should be dealt with quickly as the tree was very dangerous and needs to be done as soon as possible. My neighbour also has a planning application in as the tree straddles both our gardens- 113 templecombe road. Due to the urgent nurture of this case as advised by yourselves- I will forward the schedule of works from a tree surgeon as soon as possible as it was more important to get the application started again following your advise.

8. Trees - Additional Information

For all trees
A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO
Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:
   If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert. (•) Yes ( ) No

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ( ) Yes (•) No
   If YES, you are required to provide for:

   Subsidence
   A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

   Other structural damage (e.g. drains, walls and hard surfaces)
   Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)
Are you providing additional information in support of your application? (•) Yes ( ) No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application:

Plan will be forwarded as previously explained
