Eastleigh Borough Council TPO and CA Decisions

Date: 22.11.12

Application number: T/12/71611

Address of the trees: Challoner House. 175 Winchester Road

Request for works: Felling of 3 conifers

Comments:

The request to fell the three conifers that form a linear group along the rear boundary of the property is for shade over a neighbouring property.

The trees are in good health and form and as such, I do not see any arboricultural reasons to remove the trees.

If these trees were to be removed, it would leave an open gap in the tree line. This could also lead to a number of applications being submitted by other residents due to shade issues.

Decision:
