Eastleigh Borough Council Preservation Order and Conservation Area Application Assessment Form

Site Visit Date: 06/10/2014

Address: 235 Winchester Road, SO53 2DX

Application T/14/75175 **TPO**

Case Officer: B Athow

Work Request/Notification:

Fell 1no. Sweet Chestnut

Reason for Application:

Refer to app.

Comments:

The site was visited by the Borough tree officer on 06/10/2014 and the following assessment was made;
No Arboricultural evidence has been submitted to support the application.
The bifurcated stem did not appear to be 'included' and the 'Oak stump' looks to be a previously removed Sweet Chestnut stem. There is decay at the base of the tree but this appears to be historic and localised to which the tree is responding; no evidence has been submitted to show that this 'decay' has compromised the structural integrity of the tree.

Decision:

Refuse

Notes to applicant:

The tree is visible from the road and has an importance as part of the local landscape.
There are many ways to manage a trees health and safety; I cannot support this trees removal unless further evidence is submitted.

Parish

No comments had been received at the time of inspection
