Date 3 July 2012

Dear Ms Illsley,

SITE F – HAMILTON BUSINESS PARK, BOTLEY ROAD, HEDGE END
RESERVED MATTERS IN RESPECT OF UNIT A

Further to your email of 21st June and my reply of 24th regarding the number of car parking spaces, I now enclose amended and additional details of the cycle parking arrangements.

The cycle spaces show on the site layout plan initially submitted have been relocated to the western end of the car park, so as to be closer to the main entrance to the building, as suggested by your Engineers. This change is shown on the drawing HE HAF LIS01 A. The block of spaces next to the building (adjacent to parking space numbered 26), are to be covered. I enclose a detail sheet illustrating the shelter structure proposed.

For completeness, I also enclose a revised version of the landscape plan (HE HAF LO1 A).

I trust that these amendments, together with the explanation of the parking numbers I gave in my email of 24 June, will now enable you to approve the details of the reserved matters submitted in respect of Unit A.

Yours sincerely,

Rob Huntley
