Proposed Summerhouse Details (8 x 8)

Henley

(10' x 10' Modern painted with cedar shingles shown above. 8'x 8' Georgian Cedar shown right)

A chalet to lighten up any dark corner of the garden. Made in four sizes and four glazing options, and two ridge heights one avoiding planning restrictions if your site requires it. This enables the Henley to suit any modern or traditional style garden. Two opening windows and fully-glazed mortice and tenon doors, with toughened glass to lower panes are standard, as insert depicts. The main picture shows the modern style glazed Henley with its fixed full length toughened glass windows and two high level opening vents enhanced by the warm oak painted finish.
