11 Jockey Lane, Bishopstoke

Plot Plan/Layout
with Proposed Roof Extension, Double Garage & Driveway

V1.30.08.11
Ref: 11JL-Plot-Plan

Scale: 1:200
Document Size: A3

The existing bungalow is positioned within a fan shaped plot and so the design and position of the double garage can take full advantage of the extra space to the front of the property.

The area of development also falls on the side of the building that is closest to the allotments and at the furthest most points away from the imediate neihbour.

The nearest houses to the west side of the house are a good distance away and are considerably elevated too.

The Garage would also be screened by a thick hedge and a row of mature trees and bushes along the western boundary.

The driveway would be laid to Tarmac and would feature drainage within the curtlidge.
