Eastleigh Borough Council TPO and CA Decisions

Date: 14th October 2013.

Application number:
T/13/73143

Address of the trees:
1-43 White's Way, Hedge End.

Application:
T1 Oak: Crown raise to 4m above ground level.
Works to enable access for grounds maintenance equipment.

Correspondence:
No correspondence received.

Comments:
The mature English Oak in question stands on the amenity land to the south of 11-20 Pomeroy Crescent, and north of 1-43 White's Way.

A number of mature Oaks stand in this area, along with Hazel, and associated understorey specimens. The subject Oak appears to be one of the mature trees which is ivy covered. The proposed crown raising seems to be reasonable in this case.

Decision.
Consent Granted.
T1 English Oak: crown raise to no higher than 4.0 metres above ground level.
Deadwood and ivy may be removed without the requirement for council consent.

CONSENT TPO WORKS (L12)
Note to Applicant: It is considered that, subject to compliance with the conditions attached to this permission, the proposed tree work is acceptable because it will not materially harm the character of the area, the amenity of neighbours or highway safety, and is in accordance with the policies and proposals of the development plan and after due regard to all other relevant material considerations the local planning authority is of the opinion that permission should be granted.

Note to applicant: All works hereby consented should be carried out by a suitably qualified tree surgeon. A copy of the decision notice should be given to the Tree Surgeon

TIME LIMIT TREES (G09)
The tree works hereby consented shall be completed within 2 years of the date of this permission and shall be carried out in accordance with the approved details and to British Standard for Tree Work BS3998:2010.

Reason: To preserve the special amenity value of the tree.
