Eastleigh Borough Council TPO and CA Decisions

Date: 28.03.13

Application number: T/13/72200

Address of the trees: 16 Sarum Road

Request for works: Crown Lift and Crown Thin

Comments:

Large multi stemmed Field maple in the rear garden of the property has a dense canopy and a 15% crown thin would not be vastly detrimental to the trees health.

The canopy of the tree is low over the garden and a 4m crown lift would be suitable. All cuts will be below 50mm in diameter to prevent large scaffold limbs being removed.

Crown lift to 4m from ground level keeping all cuts below 50mm in diameter.

Crown thin by up to 15%
