Eastleigh Borough Council TPO and CA Decisions

Date: 13.2.13

Application number: T/13/71973

Address of the trees: 13 Kenilworth Drive

Request for works: Crown reduction and reshape

Comments:

Ash in the rear of the property is clearly seen from public areas. I do not fell that the canopy is uneven and requires a reshape. I also feel that the tree is not over sized for the area and may not present an issue for a considerable time, if at all.

The reduction of 2.5m of canopy height and spread would reduce the amenity value of the tree and would also place multiple cuts all over the canopy which could give rise to entry points for pathogens. As the tree does not present any problems and there are no arboricultural reasons to reduce the canopy, I do not see any justification to reduce and reshape.

Decision:

CONSENT WORKS **REFUSE WORKS** PART CONSENT/PART REFUSE
RAISE NO OBJECTION RAISE OBJECTION

Refuse.
