Party Wall Act 1996.

Commencement of works.
Building work should only be started once planning permission has been gained, if it is required and building regulations approval has also been approved by the local authority.
Work started before these permissions are granted are done so entirely at the site owners own risk.

All measurements shown on these drawings need to be rechecked on site before start of work by the contractor.

If any aspect of these drawings are unclear, please ask. Additional measurements, detail etc can be added if needed. Don't guess - always ask!
