The plan should show clearly the position of any trees to which the application relates. Where adjacent trees are present the individual specimens should be precisely identified to avoid confusions.

When drawing your plan please:

1. Try to locate your house in relation to nearby properties.
2. Ensure that all relevant roads are named.
3. Ensure that the trees are clearly marked on the plan.
4. Put the type of the tree if known.
5. Please attach an **Ordnance Survey extract** indicating the position of the tree(s) (copy available on request).

Please use the space below for your plan.
