

Front elevation

Side elevation 1

Rear elevation

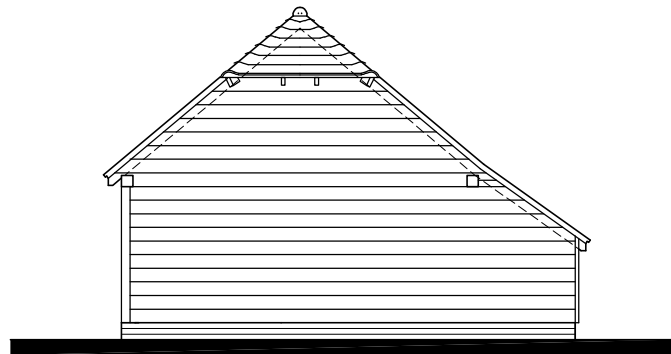

Ground floor/roof plan

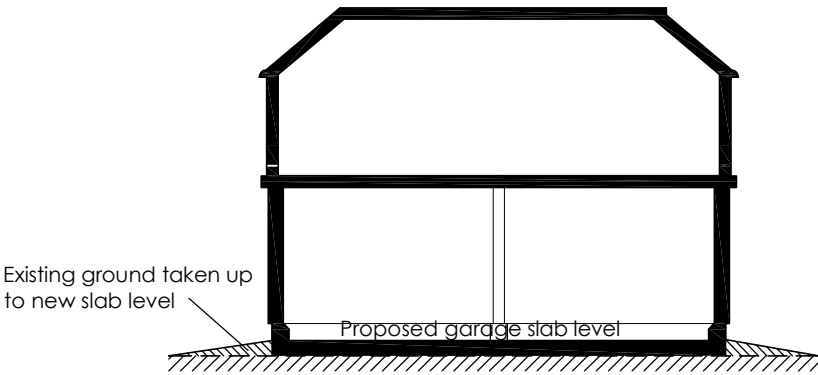

MATERIALS TO BE USED FOR CONSTRUCTION

Roof covering comprising plain clay tiles with half round ridge & hip tiles with mortared verge detail

External walls comprising 215 dwarf brickwork with timber frame & cedar or similar horizontal timber cladding

Side elevation 2

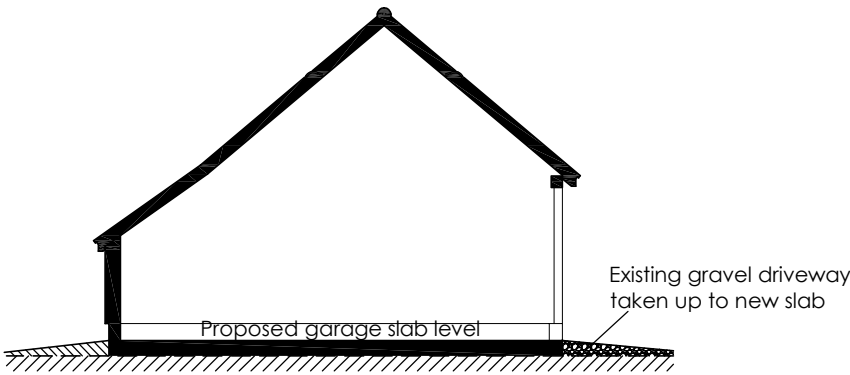

Typical bldg section 1

Proposed levels for existing ground /garage slab construction

Note proposed garage slab (approx 150-200mm thick) to be constructed on top of existing ground level to avoid any disturbance to tree root protection zone in accordance with the Arboricuotural impact assessment.

Line of existing ground level shown dashed

Levels shown are INDICATIVE only for the purposes of Planning application

Typical bldg section 2

Proposed double garage details
