

Eastleigh Borough Council Preservation Order and Conservation Area Application Assessment Form

Application Number	T/22/93046					
Surveyor	JM					
Site assessment Date	09/06/22					
Address	6 RANDALL ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 5AL					
Work notification/ request	1 no. Chestnut (T1)- Pollard to 6m to remove the risk of further failure whilst retaining a large section of the trunk to keep on growing and provide a habitat within the woodland.					
Comments/ observations following site visit	The tree is in the rear garden and somewhat obscured by the properties, though its crown is very prominent over and between the buildings due to its great height. The impact of the works would have a small impact due to the amount of adjacent mature trees around it. The tree has significant areas of dysfunctional wood on the tension side of both stems (lightening furrows), this with the recent loss of one leader and the decay present within the butt justify the proposed works.
