Subject: H/22/92755 - Calmore, Station Road, Bursledon, SO31 8AA.

Alexandra,

This application for essentially two garden sheds, is only necessitated due to an Article 4 Direction covering Bursledon. The site is within The Old Bursledon Conservation Area in zone 3. The nearest listed building is the church up the slope at the end of the garden which is shielded from the proposed development by mature trees and hedging.

The positioning of them is logical as it is midway up (or down!) the likely productive area of the garden, so central for storing implements and produce and nurturing seedlings etc.

The positioning and size of these structures will not impair the setting of the listed building and are a normal adjunct to a domestic garden, so no objection.

Regards,

Tim.
