Dear Mr Osmond,

TELEPHONE EXCHANGE, WINCHESTER ROAD, CHANDLER'S FORD

Provision of a shipping container and fencing to the existing yard of the Telephone Exchange. The container and fenced compound will hold materials and equipment to support the local telecoms infrastructure. Fencing will be heras type with black plastic support feet.

In regard to application F/22/93121, there is no objection to the proposals from a highways perspective.

Whilst space is lost from the existing car park, it is noted from a site visit that the area already in use for storage of materials, and this looks to have been the case for some time. As such, as indicated on the application form, no additional car parking will be lost as a result of the formalisation of this area, when compared to the existing situation.

Yours sincerely,

Matt Grantham
