Hi Chris,

Yeah, it is on existing hardstanding. Much of the parking area had become overgrown with brambles, etc. growing in years of leaf litter build up but that has now all be cleared away to reveal tarmac and kerb edging which was always there. The site is already been used for storage of equipment, etc. including a container.

Regards,

Gary Osmond

Hi Gary,

F/22/93121 - TELEPHONE EXCHANGE, WINCHESTER ROAD, CHANDLER'S FORD

Arboricultural Documents

None

Comments

The site is surrounded by significant trees. Is the container to be situated on existing hardstanding? If so, then we would raise no arboricultural objection to the proposal. If no, then we would require some information on the foundation.

Kind regards,

Chris.
