

I, Ellen Louise Page of The Ferns, Marls Road, Botley Hants SO30 2EY do solemnly and sincerely declare as follows:-

1. I have been involved with horses and ponies kept at the above site since 1995 when my Granddad Phil Isaacs owned the land.
2. My mum and dad kept my first pony Molly in the field.
3. Eventually my father Kenneth Page purchased the land from my Granddad in 2004.
4. Dad bought and sold horses which he kept on the land.
5. Just after my father purchased the land, he bought me a little cob called Dawn that I kept in the field. (App C)
6. I used to ride her, have her shod and feed her in the field as I had no other stables.
7. I continued to keep her in the same field until she died in 2020.
8. My partner Matthew Barlett purchased the land from my father and took possession of it in 2016. This allowed me to continue to keep Dawn in the same place.
9. Matthew Bartlett breeds, deals and trains horses, many of which have continuously been kept in the field at The Ferns.
10. As his partner I have been involved in looking after the horses for and with him.
11. His stables at Winchester Street were only used to keep his stallions and colts so his horses at The Ferns never left the site.

And I make this solemn declaration conscientiously believing the same to be true and by virtue of the provisions of the statutory declaration Act 1835.
