Dear Sir/Madam,

Proposed Hampshire Water Transfer and Water Recycling Project

Public Consultation 5 July to 16 August 2022

We're consulting on our Hampshire Water Transfer and Water Recycling Project which will enable us to take less water from the sensitive chalk streams of the River Test and River Itchen during a drought, while maintaining essential supplies.

We're running a six-week public consultation on the Project starting on 5 July and ending on 16 August. The consultation outlines and asks you to feedback on our proposals to build:

- New pipelines from the existing Budds Farm Wastewater Treatment Works to a new water recycling plant to supply treated wastewater for recycling;
- A new water recycling plant south of Havant that would produce purified recycled water;
- New pipelines from the new water recycling plant to Havant Thicket Reservoir, to allow the recycled water to be stored there; and
- New pipelines to take water from Havant Thicket Reservoir to the existing water supply works at Otterbourne, where it will be treated to strict regulatory standards before it is put into the existing water supply system.

Why we are contacting you

By way of a Direction dated 31 May 2022, the Secretary of State for Environment, Food and Rural Affairs has directed that the Project is a project of national significance, which must be consented by way of a development consent order ("DCO") under the regime set out in the Planning Act 2008 ("PA 2008"). Therefore, we will apply to the Secretary of State for a DCO to authorise the Project.

The consultation referred to above is being undertaken on a non-statutory basis. Nevertheless, you have been identified as a "prescribed consultee" for the purposes of Section 42(1)(a) to (b) of the PA 2008 and the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended). We are therefore writing to provide you with details of our public consultation, how you can get involved and where you can find further information.

How to get involved in the public consultation

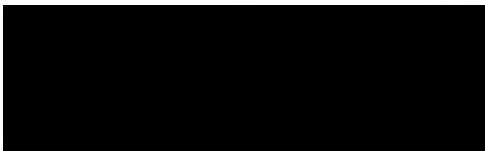

We have lots of information available to explain the proposals so you can understand how they might affect you and there are many ways you can take part.

- Visit the consultation website at <https://HampshireWTWRP.commonplace.is>
- Attend one of **six drop-in sessions** across south Hampshire
- Sign up for one of **three webinars** to be hosted on Microsoft Teams
- Email HampshireWTWRP@SouthernWater.co.uk
- Write to us at **FREEPOST HAMPSHIRE WTWRP CONSULTATION**
- View reference copies of the consultation materials at one of **nine deposit locations**

Details of the drop-in sessions, webinars and deposit locations are provided overleaf, or you can scan the QR code below.

The development of the Project is still at an early stage and your feedback is important in order to help us further refine our proposals.

Yours faithfully,

Robert Lawless
WfLH Programme Lead

Submit your feedback

There are a number of ways you can do this, the easiest being through our online survey available at <https://HampshireWTWRP.commonplace.is> from 5 July.

You can also download documents, enter a virtual exhibition, and look at maps in your area showing details of the Project.

Alternatively, you can:

- Email us at HampshireWTWRP@SouthernWater.co.uk
- Write to us at **FREEPOST HAMPSHIRE WTWRP CONSULTATION** (no stamp is required)

If you would like a document as a printed copy or in large print, please contact us using the details above. We will be happy to print and send you A3 sheets of any maps, a feedback form, or the consultation brochure free of charge.

If you have questions about the consultation, please call **0330 303 0368**.
