Conclusion

To conclude, the garage conversion has the potential to be supported in principle, however this would depend on the ability to provide adequate car parking for the property. As for the garden sheds, they may be problematic as the application site may not retain an adequate rear garden (the Council's standard for a private amenity area of a minimum size equivalent to 60% of the floor area of the dwelling house).

NOTE: Pre-application was for two sheds in rear garden.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
