

Eastleigh Borough Council Preservation Order and Conservation Area Application Assessment Form

Application Number	T/22/93200					
Surveyor	SK					
Site assessment Date	28/06/22					
Address	70 HINDMARCH CRESCENT, HEDGE END, SOUTHAMPTON, SO30 0AP					
Work notification/ request	1 no. ash (T1) - reduce crown by approximately 2.5m for reasons of safety.					
Comments/ observations following site visit	T1 the top is visible over the garage roof from the Hindmarch Crescent, and from the rear of the properties nearby. Ash is in very poor structural form; it has been reduced twice before (at least) and has a minimal branching structure remaining this is growing from a tight crown break. The canopy mainly consists of a few very etiolated branches. No history of tree works applications for the site – resident (seen on site) has been there 6 years and, anecdotally, this is the first work she has had done. The reduction will reduce local amenity slightly, but the tree is in poor condition and the loss is minor.					
Decision	Consent	Refuse	Part consent/ Part refuse	Withdrawn / Invalid	Conservation Area	
					Raise no objection	TPO
	X					
Decision notice	Consent: 1 no. ash (T1) - reduce crown by approximately 2.5m to previous upper reduction points.					
Conditions	Standard.					
Notes to applicant	None					
Parish comments	Object to the 2.5 crown reduction which is excessive and a suggested 1m overall crown reduction would have less of an impact on the trees health.					
Public objection/ support	Support		Objection		Observation	
	0		0		0	
Objection/ support consideration	The Parish Council's comment was taken into consideration during the decision making process.
