Hi Gary,

F/22/93238 - 23 OATLANDS ROAD, BOTLEY

Arboricultural Documents

None.

Comments

The application acknowledges that there is a significant tree on neighbouring land – the root protection area of any tree on third party land will need to be protected during the construction phase. However, there are no significant trees within the site itself.

Therefore, we raise no arboricultural objection to the proposal, subject to the following condition:

No excavation, demolition or development related works shall take place on site until a scaled and referenced tree protection plan, as per British Standard 5837:2012 (Trees in Relation to Design, Demolition and Construction – Recommendations), is submitted and approved by the LPA. The approved tree protection plan must be adhered to in full, and may only be modified subject to written agreement from the LPA. Reason: to retain and protect the existing trees which form an important part of the amenity of the locality.

Kind regards,

Chris.
