**Subject:** RE: DC/22/93177 - Additional planting flowers for evidence Oakleigh Dodwell Lane

Hi Alex,

The applicant is clearly making a good effort to enhance biodiversity with additional planting of flowering plants. Although it is not quite in line with my earlier recommendations, I am satisfied that condition 6 can now be discharged.

Kind regards,  
Lisa

Hi Lisa

Please can you let me know your thoughts on the additional information from the applicants for the discharge of condition 6.

Sorry about that, here is is

## **Further evidence of landscaping, biodiversity mitigation and enhancement.**

Following discussions with Mrs Alex Webb we have planned and started to encourage more birds, bats, bees and wildlife into the garden.

Below is a picture of 125 bulbs that will be planted in September along the side of the drive and along the front of the main house.

Along the side of the cabin are a number of potted plants

- 2x lilies
- 3x echinacea
- 1x lavender
- 1x lemon tyme

Above are some of those plants

Planter by cabin for additional plants.  
Below are wild flowers down by the cabin.

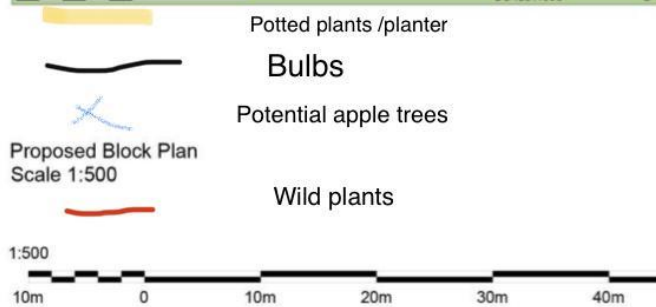

Picture of flowers on lawn in garden.

On the front of the cabin are two hanging baskets containing geraniums (picture

included)

Future plans - next spring we are looking at making some raised beds down between the garage and cabin.

Also we would like to buy some fruit trees (apple)
