Dear Ms Stone,

23 HAMBLE LANE, HAMBLE-LE-RICE, SOUTHAMPTON, SO31 4JR

Small extension of 9 feet to existing dropped kerb

In regard to application H/22/92986, having reviewed the information contained within the submitted application pack, there is no objection to the proposals from a highways perspective.

Whilst the location of the proposed drop kerb widening does not necessarily conform to current requirements being within 10.0m of highway junctions, it is noted that this is an extension to an existing drop kerb, and the extension is actually further away from the junction of Walker Place. As such, in this situation, no objection is made as the extension will simply improve existing access in and out of the site.

The applicants should however be made aware that subject to any permission that may be granted by EBC as Local Planning Authority, a secondary permission will be required from HCC as Local Highway Authority to actually undertake the works. This will require entering into a S184 agreement, details of which can be found via the following web address - <https://www.hants.gov.uk/transport/developers/section-184>

Yours sincerely,

Matt Grantham
