Subject: RE: Planning Application Consultation Request F/22/93473

Dear David

Re: Planning Application No. F/22/93473
Our Ref: SOU22038

I refer to your email dated 27 July 2022.

The proposed demolition of the existing "Live Fire" training buildings and removal of the firefighting foam training pad on the site of the Hampshire & Isle of Wight Fire & Rescue Service Headquarters. Installation of new live fire training facilities and associated smoke filtration units. Construction of associated hardstanding and fencing to the perimeter at HAMPSHIRE FIRE AND RESCUE SERVICE HEADQUARTERS, LEIGH ROAD, EASTLEIGH, SO50 9SJ, has been examined from an aerodrome safeguarding perspective and does not conflict with safeguarding criteria. We therefore, have no objection to this proposal.

Given the nature of the proposed development it is possible that a crane may be required during its construction. We would, therefore, draw the applicant's attention to the requirement within CAP 1096 the Guidance to crane users on the crane notification process and obstacle lighting and marking.

Regards

Nigel Spence
Airside Assurance Manager
