Dear Sir/Madam,

Proposal: Application for discharge of condition numbers 3, 4, 7, 8, 9, 11, 12, 16, 18 & 29 of planning permission F/19/84937 (Demolition of an existing residential dwelling and associated farm buildings and construction of a residential development of 73 dwellings, associated landscaping, and amenity areas with access from Maddoxford Lane. (Amended Description)).

Site: DC/22/93430: - Land South of Maddoxford Lane, Boorley Green, Botley, Land South of Maddoxford Lane, Southampton, SO32 2DB.

Thank you for your letter dated 22/07/2022.

Southern Water have no objections to discharge condition 7 relating to protection of public apparatus.

Southern Water cannot recommend discharge of condition 8 relating to foul drainage.

No discharge of foul/surface water sewerage from the site shall be discharged into the public system until offsite drainage works to provide sufficient capacity within foul/surface water network to cope with additional sewerage flows are complete. Southern Water is currently in process of designing and planning delivery of offsite sewerage network reinforcements.

The final connection point for foul water is not shown on drainage proposals. Kindly submit a drainage layout plan with its relevant final discharge point to the public sewer.

The Council's technical staff and the relevant authority for land drainage should be consulted regarding the discharge condition 18 for surface water disposal.

Southern Water have no comments to make with respect to other conditions.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119).
