

8th September 2022

Dear Sir/Madam

PLANNING H/22/93147 Oaktree Lodge, Oak Hill Close, Bursledon

I am writing to object to the Planning Application for Oaktree Lodge in Oak Hill Close, Bursledon for a double garage with upper housing.

My name is John Jewett and I live in Etagla, Dodwell Lane Bursledon, SO31 1AQ.

Digging close to my property could reduce structural integrity of the foundations causing my building to fracture also it would be a challenge to build, render and roof a building 50mm from my property. It would make it impossible to carry out maintenance to D.P.C., brickwork, facias, guttering and roof, should the need arise.

Also, it would not be in keeping the adjacent properties, and further, why would a garage need to have living accommodation above it.

Yours sincerely

John Jewett
