Dear Sir/Madam

Re Application F/22/93194 - Agas Bowl.

We would like to register our objections
to above planning application

- 1 To build another 125 houses, 71 bed care home would put extra strain on the only Dr's surgery in the village.
- 2 Why do we need another 142 bed hotel, wellbeing centre, and new pavilion all three would bring extra traffic through already congested roads in the village.

3/ Vehicular access and car park would make sense but only if people made to use it, and not the residential streets causing chaos and problems for local residents. Is this the car park that was talked about at AGM just prior to Covid 19 when residents were extremely unhappy being international held that year.

4/ What about the local road infrastructure will it take the extra traffic without causing havoc in the village and surrounding roads.

We take it our objections will be looked at favourably, and council will not just approve, for sake of people living in west end.
Yours faithfully
