

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/22/93685					
Surveyor	SK					
Address	16 BLOSSOM CLOSE BOTLEY SO30 2FR					
Proposed work	1 no. Oak (T1)- Crown reduce single lateral limb growing towards property by a maximum of 5 metres removing a maximum branch diameter no greater than 150mm. 1. As shown by blue line in the photograph Blossom Close Tree Picture					
Assessment Date	23/09/22					
Officer comments	Tree grows to rear of the properties and is in a linear group of established trees. The works applied for will not alter the silhouette for the public realm, but the cut size and amount will allow wounding into the heartwood of the branch which will provide a pathway for pathogen ingress. The distances to the property at the time of inspection were reasonable, the works would effectively clear the branch back to the boundary line. The operation will leave other, similar branches present and as close, so there is a consideration of setting a precedent of removal of such amounts as over time this could accumulate to a considerable proportion of the overall canopy mass. Split to reduce amount but allow small cut size and amount for removal.

Decision notice	REFUSE: 1 no. Oak (T1)- Crown reduce single lateral limb growing towards property by a maximum of 5 metres removing a maximum branch diameter no greater than 150mm. 1. As shown by blue line in the photograph Blossom Close Tree Picture CONSENT: 1 no. Oak (T1)- Crown reduce single lateral limb growing towards property by a maximum of 3m to a good pruning point metres removing a maximum branch diameter no greater than 100mm. Reason: to limit exposure of heartwood and removal of canopy mass in one operation.					
Conditions	Standard					
Notes to applicant						

Parish comments	Object The committee would like to gain the opinion of the EBC Tree Officer.
