our ref: d\40029\11OCT22DT

Eastleigh Borough Council
Eastleigh House
Upper Market Street
Eastleigh
Hampshire
SO50 9YN

Dear Sir/ Madam

Application for discharge of condition no.06 (application No. F/21/91466)

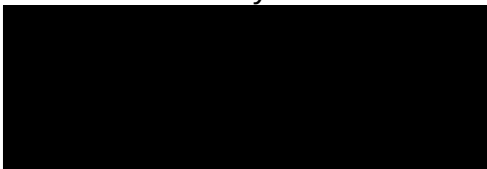

Further to our initial submission regarding the discharge of condition nos. 04 and 05 (approved prior to works (DC/22/92242)), please find below photographs taken post construction to satisfy condition no.06. Photos taken prior to works commencing have been included for comparison purposes.

Condition no.06;

'No development shall start on site until a pre-construction site survey has been undertaken of the proposed construction access, with photographs and details of any pre-existing damage recorded. Within three months of completion of the development, a post construction survey should be undertaken and submitted to the Local Planning Authority. Any damage should be rectified at the cost of the developer under the S278 process, within six months of utilisation of the proposed facilities.'

We would like to confirm that there was no evident pre-existing damage to the highway, and no damage was caused as a result of construction. Please find relevant photographs included below for reference.

Yours sincerely

Danielle Tucker

for STUDIO FOUR ARCHITECTS LTD

Site access, pre-construction (January 2022).

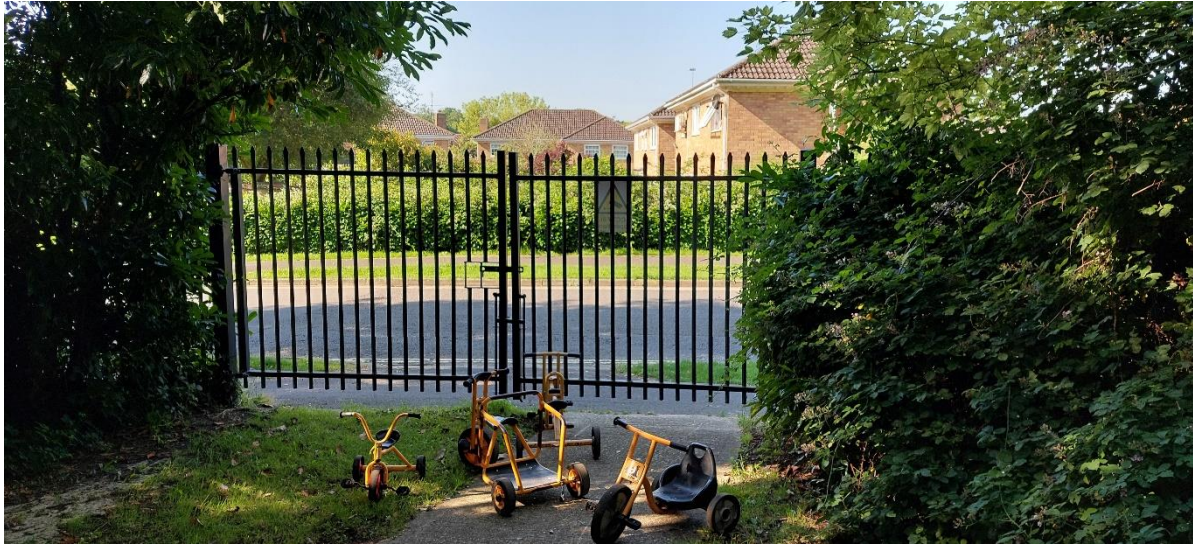

Photos of entrance to school grounds at Locke Road (construction vehicle access).
