

Typical shed to be used for bicycle storage and general waste, recycling and garden waste.  
 Size to be 8' x 6' (2350 x 1750) to accommodate 1N° bike and wheely bins for waste.  
 See site plan for location of each shed.  
 Shed to be positioned on cast in situ concrete slab on compacted hardcore.

Shed door to be fitted with a mortice lock certificated to BS 3621: 2007.  
 A bicycle security ground anchor must also be fitted inside the shed, certificated to at least Sold Secure Silver Standard to comply with Secured by Design (2010).  
 Hole to be formed in floor of shed and ground anchor to be fixed into concrete slab.
