

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/22/93162				
Surveyor	CS				
Address	THE GREEN, GREEN LANE, HAMBLE-LE-RICE				
Proposed work	G1 – 3 x ash with elder, holly & yew understory – Trim yew back to ditch line and reduce to height of fence (1.5m). Coppice holly. T2 – Hawthorn – Reduce height to 1.5m. T3 – Beech – Fell due to foreseeable damage to fence. T4 – Holly – Fell to widen path entrance and clear small glade G5 – Mixed including T3, conifer stump, beech – Coppice hazel, holly and thin sycamore and elder by 20% T6 – Beech – Reduce branch length on east to clear path and increase light levels.				
Assessment Date	02/11/2022				
Officer comments	The trees are all located on the eastern side of a woodland, facing the Hamble. The trees are adjacent to a private residence. The proposed work is part of a 10 year management plan, proposed by the Parish Council and authored by a professional. The work is all either relatively minor or justified. As the trees are not easily seen from the public realm (save for a footpath through the woodland) the proposed work will not have a negative impact on the current levels of amenity.				
Decision	Consent	Refuse	Part consent/ Part refuse	Withdrawn / Invalid	Conservation Area
					Raise no objection TPO
