Dear Ms Sharpe,

49 BISHOPSTOKE ROAD, BISHOPSTOKE, EASTLEIGH, SO50 6BF

Erection of two-bedroom detached dwelling in garden of existing property

In regard to application F/22/94046, having reviewed the information contained within the application pack, there is no objection in principle to the proposals from a highways perspective.

However, it is noted that the proposed driveway parking for the required two vehicles is relatively long, and will require an elongated reverse into the existing shared parking area where it is assumed vehicles can turn accordingly (please confirm if this is not the case).

Whilst this movement is acceptable and allows for forward gear access and egress onto the highway, it may be beneficial to either reduce the new driveway length with a path onwards leading to the front door, or provide an adequate area within which vehicles can turn at the head of the new driveway - space permitting. The Case Officer may wish to consider this, as it could be beneficial to future users.

Yours sincerely,

Matt Grantham
