Dear Ms Stone,

62 ST JOHNS ROAD, HEDGE END, SOUTHAMPTON, SO30 4AG

Partial demolition of garden wall to extend the existing dropped kerb

In regard to application H/22/93848, an objection would be made to the proposals from HCC as Local Highway Authority, on Highway Safety grounds.

As outlined within the application process to HCC for a licence to undertake drop kerb works (<https://www.hants.gov.uk/transport/parking/droppedkerbs>), for a vehicle crossover / drop kerb to be permitted, it must be located a minimum of 10.0m away from any highway junction. Variance from this is only likely if there are elements to consider such as a highway safety benefit that results from the proposals, or the drop kerb is on a low flow road.

The proposed vehicle crossover / drop kerb is located within 10.0m of the junction with New Cliffe Gardens, and with parking understood to be available to the rear of the property - garage and driveway space - no highway safety improvement would result.

Yours sincerely,

Matt Grantham
