Dear Claire,

We previously objected to planning application reference H/22/93998, and note that amended plans have now been submitted in relation to this proposal.

We maintain our objection that the side extension is still too large, relative to the width of the existing dwelling. It appears as though the extension would at least double the width of the dwelling, and is therefore not subservient in scale to the original dwelling.

Other side extensions on Hound Road at numbers 3, 5 and 7 are all more appropriate in size to the original dwelling, being of a width that only allows for a single window opening. The proposed extension at 9 Hound Road retains a two window frontage, and is therefore not in keeping with the size and design of extensions that have been permitted along Hound Road.

We trust our latest comments will be taken into account by the Council when determining the application.

Yours Sincerely,

Mr & Mrs Worthy
