Details of the pre-application advice received

"Having read the structural reports on the garage, I fully understand the preference for rebuilding this building, it is evidently far worse than an initial look suggested. A record in photos and drawing would be good to go with the property documents prior to demolition. The replacement should be in the same position, clad in vertical board and fillet stained a very dark colour with the slate roof. The bottom of the wooden cladding would be better a little higher above the ground to be clear of rainwater splashing which could itself be reduced by guttering on an eaves overhang and a band of pea gravel around the base."

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
