Tuesday 6 December 2022

Town and Country Planning Act 1990
The Town and Country Planning (Development Management Procedure) (England)
Order 2015

Application No. H/22/94043

In pursuance of their powers under the above Act and in accordance with your application received on Thursday 3 November 2022 the Council, as Local Planning Authority hereby **Permit** the following :

Description: Proposed first floor extension over existing garage and utility room (Resubmission of Application F/16/78862)
Site: 39 NEW ROAD, NETLEY ABBEY, SOUTHAMPTON, SO31 5DJ

Subject to due compliance with the following conditions:

- 1 The development hereby permitted shall be implemented in accordance with the following plans numbered: FES/2085/01, FES/2085/02, FES/2085/03, FES/2085/04, FES/2085/05 and LOC01

Reason: For the avoidance of doubt and in the interests of proper planning.

- 2 The development hereby permitted shall start no later than three years from the date of this decision.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match in type, colour and texture those used on the existing dwelling.

Reason: To ensure a satisfactory visual relationship between the new development and the existing.

Note to Applicant: In the unlikely event of any bats being found during demolition or construction, all work must stop immediately, and Natural England must be informed. Additional information is available on the Bat Conservation Trust website at <https://www.bats.org.uk/advice/im-working-on-a-building-with-bats/ive-found-a-bat-during-works>.

Note to Applicant: Biodiversity enhancement is required. A bat brick/box and a swift brick/nest box may be appropriate to build into the extensions. Built in boxes do not require maintenance and cannot fall off.

The Bat Conservation Trust recommends installing a bat brick/box at least 4 m above the ground, away from artificial light sources, sheltered from strong winds and exposed to the sun for part of the day, facing south, south-east or south-west. (<https://www.bats.org.uk/our-work/putting-up-your-box>)

Swift nest boxes are best positioned under the eaves or on walls facing north, northeast or north-west out of direct sunlight, five metres above the ground, with clear adjacent airspace so swifts can access them in a high-speed direct flight. (<https://www.swiftconservation.org/Nestboxes%26Attraction.htm>)

Note to Applicant: In accordance with paragraph 38 of the National Planning Policy Framework (July 2021), Eastleigh Borough Council takes a positive approach to the handling of development proposals so as to achieve, whenever possible, a positive outcome and to ensure all proposals are dealt with in a timely manner.

Yours faithfully

A handwritten signature in black ink that reads "Andy Grandfield". The signature is written in a cursive style, with the first letters of the first and last names being capitalized and prominent.

Andy Grandfield
Executive Head for Planning and Economy
