Town and Country Planning Act 1990
The Town and Country Planning (Development Management Procedure) (England)
Order 2015

Application No. H/22/94048

In pursuance of their powers under the above Act and in accordance with your application received on Monday 24 October 2022 the Council, as Local Planning Authority hereby **Permit** the following :

Description: Proposed garden summer house & store (Part Retrospective Application)
Site: 82 TELEGRAPH ROAD, WEST END, SOUTHAMPTON, SO30 3EY

Subject to due compliance with the following conditions:

- 1 The development hereby permitted shall be implemented in accordance with the following plans numbered: 358/08

Reason: For the avoidance of doubt and in the interests of proper planning.

- 2 The development hereby permitted shall only be used in conjunction with the existing dwelling and shall not, at any time, be used for business, commercial or industrial purposes or as an independent residential unit.

Reason: To protect the amenity of the adjoining residential properties.

Note to Applicant: This decision is made in accordance with Section 73A of the Town and Country Planning Act 1990 (as amended), which allows for the granting of planning permission for development that has been commenced and/or been completed.

Note to Applicant: In accordance with paragraph 38 of the National Planning Policy Framework (July 2021), Eastleigh Borough Council takes a positive approach to the handling of development proposals so as to achieve, whenever possible, a positive outcome and to ensure all proposals are dealt with in a timely manner.

Note to Applicant: Biodiversity enhancement is required. A bat brick/box and a swift brick/nest box may be appropriate to build into the extensions. Built in boxes do not require maintenance and cannot fall off.

The Bat Conservation Trust recommends installing a bat brick/box at least 4 m above the ground, away from artificial light sources, sheltered from strong winds and exposed to the sun for part of the day, facing south, south-east or south-west. ([https://www.bats.org.uk > our-work > putting-up-your-box](https://www.bats.org.uk/our-work/putting-up-your-box))

Swift nest boxes are best positioned under the eaves or on walls facing north, northeast or north-west out of direct sunlight, five metres above the ground, with clear adjacent airspace so swifts can access them in a high-speed direct flight.
