

Application no.
PN/22/93479

Bramley Cottage
Brook Lane
Botley SO302ER.

August 5th.

Dear Sirs

I'm writing with my concern
on receiving this planning application.

All the main water supply to Hatts
Copse Farm goes from the road
through my garden — this must be
a very old pipe as I'm sure it
was put in place long before there
was any farm house. If there
are to be more dwellings I feel
they should have their own mains
water supply! Yours faithfully
