Dear Ms Stone,

98 ELLIOT RISE, HEDGE END, SOUTHAMPTON, SO30 2RW

Driveway extension and dropped kerb

In regard to application H/22/94255, having reviewed the plan submitted, there is no objection to the proposals from a highways perspective.

However, the applicants should be made aware that subsequent to any permission that may be forthcoming from EBC as Local Planning Authority, a secondary permission will be required from HCC as Local Highway Authority to actually undertake the works.

Details of this process can be found via the following link:

<https://www.hants.gov.uk/transport/parking/droppedkerbs>

It should also be noted that the maximum width of any drop kerb width is 10.0m, and plans suggest that the combined drop kerb of 98 and 99 Elliot Rise will exceed this. As such, there may be a requirement to split the drop kerb at the boundary of 98 and 99 with a riser and a drop kerb accordingly. However it is not perceived that this would affect the use of the proposed driveway and would not have a bearing on the no objection from a planning perspective.

Yours sincerely,

Matt Grantham
