Subject: PN/22/94405 - Grass Verge to Duke Road near junction with Paxton Close

Hi Rachael,

PN/22/94405 - Grass Verge to Duke Road near junction with Paxton Close

The proposed mast and supporting infrastructure is on close proximity to an existing street tree. As no arboricultural information has been submitted, it is not possible to determine whether the mast will be situated within the Root Protection Area (RPA) of the tree or whether it is outside. Regardless, the tree has the potential to grow larger (height and spread) and we would have concerns that the tree would inevitably require pruning to maintain operations should the mast be allowed. A location slightly further from the tree would eliminate these concerns.

Kind regards,

Chris.
