

4 RECOMMENDATIONS

- 4.1 Based on my findings and the trees poor vitality and low amenity value I recommend the following actions:

TPO 413-E – Sweet Chestnut	
<u>Recommended Works</u>	<u>Description</u>
Removal of deadwood	Removal of deadwood over 50mm in diameter.
Crown reduction	Reduce crown height by 10m (approximately 50%)
Line clearance	Remove branches impacting electrical cable back to appropriate growth point.
