**The Town and Country Planning (Tree Preservation) (England) Regulations 2012
The Town and Country Planning Act 1990**

Application No. T/22/94294

In pursuance of their powers under the above Act and in accordance with your application received on Wednesday 7 December 2022 the Council, as Local Planning Authority hereby **Consent To Tree Works For** the following :

Description:

- T1 - Japanese Maple - Reduce and reshape the tree by 60-90cm to the previous pruning points. Crown thin by 10-15% to allow more light to filter through.
- T2 - Bay - Reduce in height level with the gutter. Trim around the sides to ensure a good clearance from the property is achieved and to shape and box up.
- T3 - Japanese Maple - Reduce and reshape by 60-90cm.
- T4 - Holly - Selectively fell the smaller stems to ground level to thin the group of Hollies. Reduce the heights of all the remaining stems by 2.5-3 metres and prune around the sides to contain the overall size.
- T5 - Laurel, Rhododendron, Pieris & Shrubs - Reduce this group of mixed shrubs/small trees which include Laurel, Rhododendron and Pieris by 1.5 - 2 metres in height and prune around the lateral growth to shape and tidy and to contain the overall spread.
- T6 - Holly - Reduce the overhanging stem/branches back the fence line.
- T7 - Rhododendron, Bamboo, Beech - Reduce this mixed hedge by 1 - 1.5 metres creating a level tidy finish. Prune back the side to box up.
- T8 - Sweet Chestnut x2 - Remove the 2/3 smaller diameter low branches which hang down and encroach into the lower-level trees and shrubs.

Site: 12 WOODLANDS CLOSE, CHANDLER'S FORD, EASTLEIGH, SO53 5AT

Subject to due compliance with the following conditions:

- 1 **CONSENT TO:**
 - T1 - Japanese Maple - Reduce and reshape the tree by 60-90cm to the previous pruning points. Crown thin by 10-15% to allow more light to filter through.
 - T2 - Bay - Reduce in height level with the gutter. Trim around the sides to ensure a good clearance from the property is achieved and to shape and box up.
 - T3 - Japanese Maple - Reduce and reshape by 60-90cm.
 - T4 - Holly - Selectively fell the smaller stems to ground level to thin the group of Hollies. Reduce the heights of all the remaining stems by 2.5-3 metres and prune around the sides to contain the overall size.
 - T5 - Laurel, Rhododendron, Pieris & Shrubs - Reduce this group of mixed shrubs/small trees which include Laurel, Rhododendron and Pieris by 1.5 - 2 metres in height and prune around the lateral growth to shape and tidy and to contain the overall spread.
 - T6 - Holly - Reduce the overhanging stem/branches back the fence line.
 - T7 - Rhododendron, Bamboo, Beech - Reduce this mixed hedge by 1 - 1.5 metres creating a level tidy finish. Prune back the side to box up.
 - T8 - Sweet Chestnut x2 - Remove the 2/3 smaller diameter low branches which hang down and encroach into the lower-level trees and shrubs.

- 2 The tree works hereby consented shall be completed within 2 years of the date of this permission and shall be carried out in accordance with the approved details and to British Standard for Tree Work BS3998:2010

Note to Applicant: It is considered that, subject to compliance with the conditions attached to this permission, the proposed tree works are acceptable because they will not materially harm the character of the area, the amenity of neighbours or highway safety, and are in accordance with the policies and proposals of the development plan and after due regard to all other relevant material considerations the local planning authority is of the opinion that permission should be granted.

Note to applicant: All works hereby consented should be carried out by a suitably qualified and insured tree surgeon. A copy of the decision notice should be given to the Tree Surgeon.

Note to applicant: Deadwood may be removed at any time without an application.

Note to applicant: Please be advised that the Wildlife and Countryside Act 1981 as amended, the Countryside and Rights of Way Act 2000 and the Conservation (Natural Habitats) Regulations 1994 protect ALL wild birds, their nests (whether in use or being built) and eggs and other wild animals including bats and their roosts in or adjacent to trees.

Note to applicant: The granting of consent does not give the applicant or their agent a legal right to enter land without the owner's permission.

Note to applicant: Advice regarding overhead utilities should be sought with the relevant service provider prior to commencing works.

Note to applicant: Please follow current recommended Bio-security measures - Further advice can be found at <https://www.trees.org.uk/News-Blog/News/Biosecurity-in-Arbiculture-and-Urban-Forestry-Po>

Note to applicant: Deadwood within trees provides a rich and important habitat; it can be a natural part of the trees life cycle. Consider retention of deadwood where it is safe to do so.

Yours faithfully
