Access Statement

Boyatt Wood Surgery

Eastleigh

Access Statement

This statement is prepared by Studio Four Architects on behalf of the surgery. The works are the construction of a new passenger lift to access the first floor.

Site access:

Access to the site is from the existing entrance doors

Figure 1. Site location.

Credit: Google Maps

Access into/ egress from building:

The building has 1 entrance door at the front which is automatic sliding, and the lift will be accessed off the main waiting area. At first floor the lift enters a newly formed lobby and waiting area. (as shown on drawing 03.)
