

DELEGATED OFFICER REPORT

Application Ref: H/22/94255

Site Address: 98 ELLIOT RISE, HEDGE END, SOUTHAMPTON, SO30 2RW

Case Officer: Alexandra Stone

Description: Driveway extension and dropped kerb

Particular Site Constraints?	Yes ☒	No ☐
- Within Urban Edge - Rights of Way 25m Buffer – Bridleway - SGN Gas Pipeline – Intermediate pressure		

Planning History?	Yes ☒	No ☐
Z/28343/000/00 – Grant Outline Permission – 14/04/1987 Residential, Open Space, Road and Footpaths with Community Centre and School (Amended proposals) Z/28343/003/00 – Permit – 04/06/1987 Construction of grange road roundabout, Distributor Road and associated junctions and road improvements together with pumping station and drainage Z/29476/000/00 – Approve Reserve Matters – 29/09/1987 Erection of 206 dwellings with garages and access roads and laying out of open space (Outline Permission 28343)		

Publicity:	Letters ☒	Site Notice ☐	Newspaper ☐
Representations:	None		
Parish Council:	No Objection		
Hampshire County Council:	No Objection		
SGN:	Please find an extract from our mains records for your search area, any SGN assets are described in the map legend. On the mains record you may see the low/medium/intermediate pressure gas main within or near your site. On some occasions maps may be sent that do not contain any gas pipes, this is due to the location of your proposed work area within our depot/office boundaries. It must be stressed that both direct and consequential damage to gas plant can be dangerous for your employees and the general public and repairs to any such damage will incur a charge to you or the organisation carrying out work on your behalf. Your works should be carried out in such a manner that we are able to gain access to our apparatus throughout the duration of your operations.		

Site Visit:	Yes ☒	No ☐

Policy:
National Planning Policy Framework Planning Practice Guidance Development Plan: The <u>Eastleigh Borough Local Plan 2016-2036</u> The most relevant policies are Strategic policies S1 and S2; and Development Management policies DM1, DM2, DM11 and DM14. Supplementary Planning Documents: Quality Places; Residential Parking Standards; Character Area Appraisals.

Assessment:

The development is considered acceptable and complies with policies DM1, DM11 and DM14 from the 2016-2036 local plan, in that:

Principle

The application is to extend the existing dropped kerb and to extend the paved area of the existing driveway.

- The development is within the urban edge where the principle of development is acceptable.

Design and layout

- The design of the dropped kerb and extended driveway is suited to the host dwelling in terms their form, scale and appearance.
- The development would not be an overdevelopment of the site, would retain sufficient amenity space and meet parking standards.
- The design and layout respects the character and appearance of the locality.

Residential amenity

- The development accords with guidance set out in the 'Quality Places' SPD in that there will be no unacceptable impact on the amenity of the neighbouring properties in terms of loss of privacy, light or outlook.

Other material considerations

- There will be no adverse impact upon trees or other natural features worthy of retention.
- There are no likely significant impacts on the SPA.

Climate Change:

In July 2019, the Council declared a Climate Change and Environmental Emergency. In doing so it agreed, among other things, to: (a) put in place measures to ensure the Council's own operations and functions achieve carbon neutrality by 2025; (b) work with partners to aim for all projects and services delivered in the Borough to achieve carbon neutrality by 2030; (c) ensure that the Council's procurement policy recognises carbon neutrality as one of its primary considerations; and (d) recognise the urgency of action to mitigate and adapt to climate change in every decision taken by the Council. This is underpinned by the Climate and Environment Emergency Strategy 2020–2030 and the supporting Climate and Environmental Emergency Action Plan – Update June 2020.

The declaration of the Climate Change and Environmental Emergency demonstrates a strong commitment from the Council to achieve net zero. The NPPF, development plan and adopted local plan policy do not set this as a specific target, but it is a material consideration to be considered alongside all other material considerations. In any case addressing climate change is a core part of the NPPF and local plan policy. The need to support the economy is part of the Strategic Environmental Assessment for the adopted local plan, as is an assessment of climate impacts.

Equalities Implications:

Section 149 of the Equalities Act 2010 created the public sector equality duty. Section 149 states:

- A public authority must, in the exercise of its functions, have due regard to the need to:
 - a. eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;

- b. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- c. foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

When making policy decisions, the Council must take account of the equality duty and in particular any potential impact on protected groups. It is considered that this application does not raise any equality implications

Conclusion:		
Recommendation:	PERMIT ☒	REFUSE ☐
