Dear Ms Morris,

UNIT 1, STRATEGIC PARK, COMINES WAY, HEDGE END, SOUTHAMPTON, SO30 4DA

**Discharge of condition 3 (method statement) of approved prior notification
PN/22/93517 for installation of 870no. photovoltaic panels on roof**

In regard to application DC/22/94398, having reviewed the information supplied, it is confirmed that there is no objection to the Discharge of Condition 3 from a highways perspective.

It is understood that the site will be vacant for the duration of the photovoltaic panel fitting works, and as such trips to and from the site will remain lower than at a time when the site was occupied. Additionally, transport routes in and out of site are acceptable, and on site there will be adequate space for the storage and delivery of materials, as well as the parking of contractor vehicles.

Yours sincerely,

Matt Grantham
