8th February 2023

A. Grandfield, Esq.,
Executive Head for Planning and Economy
Eastleigh Borough Council
Eastleigh House
Upper Market Street,
Eastleigh. SO50 9YN

Dear Mr. Grandfield

Planning Application	No. H/23/94586
Description:	Demolition of existing garage, single storey rear extension and construction of garden room.
Site	66 Freegrounds Roaf, HEDGE END, SOUTHAMPTON. SO30 0JA

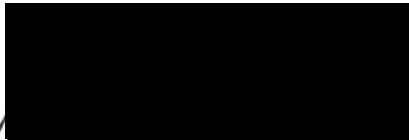

Thank you for informing us of this planning application.

While we have no objection to the plan we do have serious concerns regarding parking at the entrance of Cortina Way, which is a narrow cul-de-sac.

We are finding that residents in Freegrounds Road believe that Cortina Way is a public car park with often parking on both sides of the entrance to the road making it difficult to travel to our property. We have already been in touch with your Department in respect of continuous parking in the turning circle in Cortina Way with one resident running a car dealership from his property.

We would also like assurance that the applicants are aware that there is no access to the rear of this property from Cortina Way.

May we please ask for confirmation that no contractor vehicles will park in Cortina Way while works at this property are being undertaken.

Mrs. R. R. Smith
