Description of Proposed Works

Please describe the proposed works

The structure is a timer framed lean-to, constructed along the side of the house for garage/shed usage and for the purpose of house hold utility and storage. We originally submitted planning permission drawings in to Vivid Homes 2017 requesting permission to build a single story extension. We were granted this but did not have the funds to proceed at that time. We then contacted them again in 2018 to start the process again where we were informed they did not deal with this type of development procedure any more. As we initially had their approval for a household structural development we considered a storage lean-to would not be questioned in any way and so continued with the construction.

It has been constructed with a flat roof and materials that were considered in keeping with the existing house local environment. As the structure ran along the path way and did not affect any other house holds we considered this to be in line with permitted development regulations.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
